

Acute Toxicity: None known				
United States				
Product/Ingredient Name	Result	Species	Dose	Exposure
Canada				
Product/Ingredient Name	Result	Species	Dose	Exposure
Mexico				
Product/Ingredient Name	Result	Species	Dose	Exposure
Chronic Toxicity		Repeated or prolonged exposure to spray or mist may produce respiratory tract irritation.		
Irritation/Corrosion		Skin: No known significant effects or critical hazards. Eyes: No known significant effects or critical hazards. Respiratory: Repeated or prolonged exposure to spray or mist may produce respiratory tract irritation.		
Sensitizer		Skin: No specific information is available regarding the skin sensitizing properties of this product. Sensitization not expected for humans. Respiratory: Sensitization not expected for humans.		
Carcinogenicity		There is no data on the preparation itself. Carcinogenicity not suspected for humans.		
Mutagenicity		There is no data on the preparation itself. Mutagenicity not suspected for humans.		
Teratogenicity		There is no data on the preparation itself. Teratogenicity not suspected for humans.		
Reproductive Toxicity		There is no data on the preparation itself. Not considered to be dangerous to humans.		
12.	Ecological Data			
Ecotoxicity		Not readily biodegradable		
United States				
Aquatic Ecotoxicity		There is no data available on the preparation itself		
Persistence/Degradability		This product has not been tested for biodegradation. Not readily biodegradable. This product is not expected to bioaccumulate through food chains in the environment.		
Canada				
Aquatic Ecotoxicity		There is no data available on the preparation itself		
Persistence/Degradability		This product has not been tested for biodegradation. Not readily biodegradable. This product is not expected to bioaccumulate through food chains in the environment.		
Mexico				
Aquatic Ecotoxicity		There is no data available on the preparation itself		
Persistence/Degradability		This product has not been tested for biodegradation. Not readily biodegradable. This product is not expected to bioaccumulate through food chains in the environment.		
13.	Disposal Considerations
