

[OLC IMPROVED] [KYODO YUSHI MANUFACTURING AMERICAS LLC]

Hazards Not Otherwise Classified(HNOC)

- Not applicable.

Other Information

- 50-60% of the mixture consists of ingredients of unknown acute toxicity.

### 3. Composition/ information on ingredients

Formula: Not applicable.

Components:

| Component   | CAS No.      | Contents(%) |
|---|--------------|-------------|
| Base oil(Synthetic ester oil, Synthetic hydrocarbon oil, Refined mineral oil) | Trade secret | 85-95       |
| Thickener(Lithium soap)   | Trade secret | < 10        |
| EP additive(Containing Zinc compound(s))                                      | Trade secret | < 10        |
| Additive(s)   | Trade secret | < 5         |

The specific chemical identity of composition has been withheld as a trade secret.

See Section 8 for exposure limits (if applicable).

See Section 15 for legal controlled substance (if applicable).

### 4. First-aid measures

Eye Contact:

- Immediately flush with water for at least 15 minutes. Get medical attention.

Skin Contact:

- Thoroughly remove with cloth or paper and wash carefully with soap and water.

Inhalation:

- Remove the victim from the contamination to fresh air. Cover the victim in a blanket to keep warm and quiet. Consult a physician.

Ingestion:

- Do not induce vomiting. Immediate consult a physician.

Symptoms/effects, acute and delayed:

- No data available.

Indication of immediate medical attention and special treatment needed:

- Supportive care. Treatment based on judgment of the physician in response to reactions of the patient.

### 5. Fire-fighting measures

Extinguishing Media:

- Foam, dry chemical, CO2, dry sand.

Unsuitable Extinguishing Media:

- Do not use water. Water can be dangerous possibly leading to fire spread.

Specific Hazards with Regard to Fire-fighting:

- Thermal decomposition and combustion may produce carbon monoxide and/or carbon dioxide.

Specific Methods of Fire-fighting:

- In the early stages of fire, use dry chemical, CO2, dry sand, etc. fire-extinguisher.
- In case of massive fire, use foam fire-extinguisher to shut off the air supply.
- Get all persons to safety. Authorized personnel only at the fire site.

Special protective equipment and precautions for fire-fighters:

- Fire-fighters should wear protective equipment.
- Start fire fighting from the windward side.
