

Trade name: Tire sealant ContiComfortKit / ContiMobilityKit

(Contd. of page 1)

3 Composition/information on ingredients

Chemical characterization: Mixtures
Description:

Solution of a rubber compound with inorganic and organic additives (fillers, curing agents, ageing protective agents and plasticizers)

Dangerous components:

107-21-1	ethanediol	⚠ Acute Tox. 4, H302	10-<25%
57-55-6	propane-1,2-diol		2.5-10%
1336-21-6	ammonia	⚠ Skin Corr. 1B, H314	≤ 1.0%

4 First-aid measures

Description of first aid measures
General information: No special measures required.

After inhalation: No special measures required.

After skin contact: Immediately wash with water and soap and rinse thoroughly.

After eye contact:

Rinse opened eye for several minutes under running water. Then consult a doctor.

After swallowing: Seek medical treatment.

Information for doctor:
Most important symptoms and effects, both acute and delayed

No further relevant information available.

Indication of any immediate medical attention and special treatment needed

No further relevant information available.

5 Fire-fighting measures

Extinguishing media
Suitable extinguishing agents:

 CO₂, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam.

Use fire fighting measures that suit the environment.

Special hazards arising from the substance or mixture

 In case of fire, the following can be released: CO, CO₂, NO_x, SO₂, soot, pyrolysis gas

Advice for firefighters
Protective equipment:

Wear self-contained respiratory protective device.

Do not inhale explosion gases or combustion gases.

Additional information Cool endangered receptacles with water spray.

6 Accidental release measures

Personal precautions, protective equipment and emergency procedures

Ensure adequate ventilation

Environmental precautions:

Do not allow to enter sewers/ surface or ground water.

Inform respective authorities in case of seepage into water course or sewage system.

Methods and material for containment and cleaning up:

Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust).

Dispose contaminated material as waste according to item 13.

Reference to other sections

See Section 7 for information on safe handling.

See Section 8 for information on personal protection equipment.
