

1. Material-/Process- and Company Name

1.1 Product specification

Product TMD Friction-liners for motor vehicles NABL 160

1.2 Address Producer/Supplier

1.2.1 Producer/Supplier TMD Friction do Brasil
Street/p.-o. box Tupi Str. 293

Nat.-Code./Postal Code/City 13330-000/Indaiatuba

Telephone + 55 19 3894 9733

Telefax + 55 19 3875 7129

1.2.2 Contact Safety at work department

Telephone + 55 19 3894 9759

1.2.3 Emergency Information

Emergency telephone No. + 55 19 3894 9759

2. Composition / Details of Components

2.1 Chemical Characterization: Product

2.1.1 Description: This friction material is a multi-ingredient system with resins and caoutchouc as a binding agent in a cured and vulcanized form.

2.1.2 Hazardous substances:

2.1.3 CAS-No.	Term according to EU-guiding rules	2.2.2.2 Content	2.2.2.3 Unit	Charac. Letter	R-/S-Phrases
RN 287922-11-6	Mineral Fibress	< 3	m%		R = 38
00000-00-0	Respirable fibers	< 7	m%		not applicable

Explanation R-Phrases: R38= Irritation to skin

2.1.4 Additional Notes: When handling friction liners fine dusts with harmful substances can be released esp. when carrying out mechanical finishing work or maintenance work.

3. Possible Hazard

3.1 Marking of hazard: No obligation.

3.2 Special warnings for people and environment: When correctly handled no hazards for people and environment are known so far.
