

Acute Toxicity: None known				
United States				
Product/Ingredient Name	Result	Species	Dose	Exposure
Canada				
Product/Ingredient Name	Result	Species	Dose	Exposure
Mexico				
Product/Ingredient Name	Result	Species	Dose	Exposure
Chronic Toxicity	Repeated or prolonged exposure to spray or mist may produce respiratory tract irritation.			
Irritation/Corrosion	Skin: No known significant effects or critical hazards. Eyes: No known significant effects or critical hazards. Respiratory: Repeated or prolonged exposure to spray or mist may produce respiratory tract irritation.			
Sensitizer	Skin: No specific information is available regarding the skin sensitizing properties of this product. Sensitization not expected for humans. Respiratory: Sensitization not expected for humans.			
Carcinogenicity	There is no data on the preparation itself. Carcinogenicity not suspected for humans.			
Mutagenicity	There is no data on the preparation itself. Mutagenicity not suspected for humans.			
Teratogenicity	There is no data on the preparation itself. Teratogenicity not suspected for humans.			
Reproductive Toxicity	There is no data on the preparation itself. Not considered to be dangerous to humans.			
12.	Ecological Data			
	Ecotoxicity	Not readily biodegradable		
United States				
	Aquatic Ecotoxicity	There is no data available on the preparation itself		
	Persistence/Degradability	This product has not been tested for biodegradation. Not readily biodegradable. This product is not expected to bioaccumulate through food chains in the environment.		
Canada				
	Aquatic Ecotoxicity	There is no data available on the preparation itself		
	Persistence/Degradability	This product has not been tested for biodegradation. Not readily biodegradable. This product is not expected to bioaccumulate through food chains in the environment.		
Mexico				
	Aquatic Ecotoxicity	There is no data available on the preparation itself		
	Persistence/Degradability	This product has not been tested for biodegradation. Not readily biodegradable. This product is not expected to bioaccumulate through food chains in the environment.		
13.	Disposal Considerations
