
Section 4: First Aid Measures

First Aid Procedures

Ingestion:	Contact a physician.
Inhalation:	Remove to fresh air. Contact a physician.
Skin:	In case of irritation, remove contaminated clothing and flush affected areas with water. If irritation persists, contact a physician.
Eye:	Flush with water for at least 15 minutes. If irritation persists, contact a physician.

Section 5: Fire Fighting Measures

Flash Point:	Not applicable
Lower Explosion Limit:	Not applicable
Upper Explosion Limit:	Not applicable
Autoignition Temperature:	Not determined

Material will burn in a fire.

In case of fire, use water spray, dry chemical, foam or carbon dioxide (CO₂).

Section 6: Accidental Release Measures

Avoid generating dust from this product. Clean up using methods that do not generate dust such as vacuum or wet clean up. Avoid pneumatic removal of dust. If dust is generated, use a respirator.

Section 7 Handling and Storage

Handling

Handle in accordance with good industrial hygiene and safety practices. Minimize dust generation. Use adequate ventilation if dust is generated.

Inhalation:	Avoid prolonged or repeated breathing of dust.
Skin:	Avoid prolonged or repeated contact with skin.
Eye:	Avoid eye contact.

Storage

Store in a dry area. Contact with moisture may promote rust.

Section 8: Exposure Controls / Personal Protection

Exposure Controls

If user operations generate dust, use ventilation to keep exposure to airborne contaminants below applicable exposure limits.

Personal Protective Equipment

Eye / Face:	Use protective safety glasses with side shields or goggles if dust is generated.
Skin:	Individuals with sensitive skin should wear protective gloves and clothing that covers any skin that may come into repeated or prolonged contact with this product or any dust generated from this product.
Respiratory:	A respiratory protection program that meets OSHA's 29 CFR 1910.134 and ANSI Z88.2 requirements must be followed whenever workplace conditions warrant a respirator's use.
