## ADDENDUM

### PERSONAL PROTECTION EQUIPMENT

Selection of personal protective equipment (PPE) depends on the potential for exposure arising from handling practices, exposure concentration, and ventilation operation. The information on PPE selection provided below is intended for conditions of normal usage.

#### GLOVES

Selection of specific glove type for use with this material was based on published literature or information from the glove maker. Use conditions greatly affect glove integrity; replace worn or damaged gloves immediately.

Glove types to be considered for use with this material include:
