[NKG814] [KYODO YUSHI MANUFACTURING AMERICAS LLC] [5030KYMA]

The specific chemical identity of composition has been withheld as a trade secret.

See Section 8 for exposure limits (if applicable). See Section 15 for legal controlled substance (if applicable).

4. First-aid measures

Eve Contact:

• Immediately flush with water for at least 15 minutes. Get medical attention.

Skin Contact:

 Thoroughly remove with cloth or paper and wash carefully with soap and water.

Inhalation:

- Remove the victim from the contamination to fresh air. Cover the victim in a blanket to keep warm and quiet. Consult a physician. Ingestion:
 - Do not induce vomiting. Immediate consult a physician.

Symptoms/effects, acute and delayed:

• No data available.

Indication of immediate medical attention and special treatment needed:

• Supportive care. Treatment based on judgment of the physician in response to reactions of the patient.

5. Fire-fighting measures

Extinguishing Media:

· Foam, dry chemical, CO2, dry sand.

Unsuitable Extinguishing Media:

• Do not use water. Water can be dangerous possibly leading to fire spread.

Specific Hazards with Regard to Fire-fighting:

• Thermal decomposition and combustion may produce carbon monoxide and/or carbon dioxide.

Specific Methods of Fire-fighting:

- In the early stages of fire, use dry chemical, CO2, dry sand, etc. fire-extinguisher.
- In case of massive fire, use foam fire-extinguisher to shut off the air supply.
- Get all persons to safety. Authorized personnel only at the fire site.

Special protective equipment and precautions for fire-fighters:

- Fire-fighters should wear protective equipment.
- · Start fire fighting from the windward side.

6. Accidental release measures

Personal precautions, protective equipment, and emergency procedures:

· Wear protective equipment during cleanup work.

Environmental Precautions:

· Prevent spills from entering sewers or waterway.

Methods for Clean-Up:

 Collect spillage into a chemical waste container with a cover for disposal. For small spills, wipe off with a solvent (e.g., kerosene).

Prevention of Secondary Hazards:

· Immediately shut off all sources of ignition.
