11. Toxicological information

Information on likely routes of exposure

Inhalation Dust may irritate respiratory system. Inhalation may lead to deposition in lung and in sufficient

quantities produce baritosis.

Skin contactDust may irritate skin.Eye contactDust may irritate the eyes.

Ingestion May cause discomfort if swallowed.

Symptoms related to the physical, chemical and toxicological characteristics

Exposed individuals may experience eye tearing, redness, and discomfort.

Information on toxicological effects

Acute toxicityThe ingredients may be released as general dust from the product by operations such as

overheating, burning, machining, abrading, or riveting. Dust may cause eye, skin and respiratory

tract irritation.

Components Species Test Results

Barium sulphate (CAS 7727-43-7)

Acute Oral

LD50 Rat 307 g/kg

Graphite (CAS 7782-42-5)

Acute

Oral

LD50 Rat > 10000 mg/kg

Magnesium oxide (CAS 1309-48-4)

Acute Oral

LD50 Rat 3870 - 3990 mg/kg

Skin corrosion/irritation Dust may irritate skin.

Serious eye damage/eye Dust may irritate the eyes.

irritation

Respiratory or skin sensitization

Respiratory sensitization Not classified.

Skin sensitization Not a skin sensitizer.

Germ cell mutagenicity No data available.

Carcinogenicity Not classified.

IARC Monographs. Overall Evaluation of Carcinogenicity

Not listed.

NTP Report on Carcinogens

Not listed.

OSHA Specifically Regulated Substances (29 CFR 1910.1001-1053)

Not regulated.

Reproductive toxicity No data available.

Specific target organ toxicity - No data available.

single exposure

Specific target organ toxicity -

repeated exposure

No data available.

Aspiration hazard Not relevant, due to the form of the product.

Chronic effectsThe ingredients may be released as general dust from the product by operations such as

overheating, burning, machining, abrading, or riveting. May cause lung damage.

12. Ecological information

Ecotoxicity Not relevant, due to the form of the product.

Persistence and degradability The product contains inorganic compounds which are not biodegradable.
